

# PureLyse<sup>®</sup>: Simplifying Life in Lab

A competitor's typical DNA extraction kit:

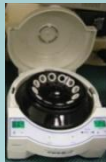

Requiring **1-3 hours** of processing

Multiple harsh reagents and wash buffers required

Multiple lab supplies required (tubes, pipette tips)

Multiple pieces of lab equipment required

ClaremontBio's Purelyse<sup>®</sup> Kit:

Only **3-5 minutes** of processing

Purelyse<sup>®</sup> Kit

+

Reusable battery pack

**No additional equipment needed  
...with comparable results!**
